Enjoy Water, start OUQI people 'mind in water treatment technology, moreover provide the most scientific water treatment solution.

Water is used for bathroom and kitchen all over the world, while Only three percent of the Earth's water is drinkable. Today, our awareness of the precious nature of this element is much too great. For OUQI, the conscious, economical use of water resource is not just a challenge but also a great pleasure. That's why we try our best to pay our Inventive spirit to sustainable design, technology and quality.

OUQI technology enables you to derive maximum enjoyment from our faucets and faucet accessory products, while reducing your consumption of natural resources.

“Less water , Perfect flow ” OUQI can !

#### DESIGNING

The designer infuses new life into these traditional Products, making every single part of them artistically unique.

#### MOULD-MAKING

Based on the innovative design, using computer simulation, and then mould machines for technical testing, our engineers develop a great variety of moulds.

#### MACHINING AND POLISHING

By using the highest machining accuracy of the CNC machine, and by sourcing only the most fitting accessories, the service life of our products is extended by a large margin. The automatic polishing machine ensures the perfectness of the product surface, making every single line and curve of the product expressive of the designer's ideal.

#### PLATING AND ASSEMBLING

All products are chrome-plated and must pass a 120-hour acid-resistance sampling test, to ensure that the surface coating will neither tarnish nor peel off for up to five years of service. What's more, the high-quality imported accessories must also undergo a high-pressure test, presenting a further guarantee of final product's quality. Every part, even the smallest one, its user-friendliness and durability will still be always kept in mind by the engineer.

## TAIZHOU CITY OUQI SANITARY WARE CO., LTD

OUQI SANITARY WARE - профессиональный производитель смесителей в КНР, свыше 15-и лет успешно работает на экспортном рынке торговли смесителями. Главным направлением деятельности компании является производство и оптовая реализация высококачественных смесителей (смесители д/ванны, смесители д/кухни, смесители д/моек, смесители д/раковины, и т.д.), а также их комплектующих.

Смесители производства компании «OUQI SANITARY WARE» отличаются высоким качеством, которое обеспечивается непрерывным контролем во время их производства, а также имеют различные характеристики и варианты дизайна

В настоящее время OUQI имеет более 300 специалистов и больше 5000 кв.м. современной производственной базы. Мы развиваем взаимовыгодное сотрудничество с целым рядом фирм, территориально расположенных как в России, странах среднего Востока и Африки, так и в странах Европы и Азии.

OUQI коллектив компании готов предложить Вам наилучшее решение.

OUQI с уважением относится ко всем своим клиентам и партнерам и рассчитывает на долгосрочное и взаимовыгодное сотрудничество.

OUQI is a professional faucet manufacturing enterprise, which has more than 15 years production experience. We are majored in the production of various senior faucets and sanitary ware accessory, such as basin faucets, kitchen faucets, bathtub mixer, shower mixer, bidet and other relative sanitaryware products.

Presently, OUQI has nearly 300 professional staff and 5,000 square meters modernized industry estate. On the basis of the Standardized management, OUQI established a complete team, it is made by research and development, producing, quality testing and selling. With Technical update and equipment complete, OUQI owned the capability of producing nearly 1 million pcs faucets annually. Until now, our goods are exported to foreign countries. The major markets are in Eastern Europe, the Middle East, South America and Africa, especially in Russia.

In order to satisfy all customers' demands in different markets, we provide the most competitive price, the best products and quality service, we ensure the quality and delivery date.

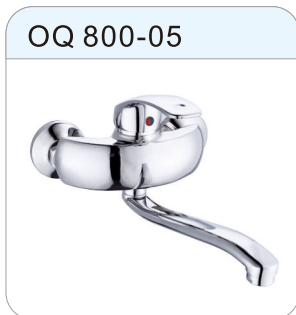

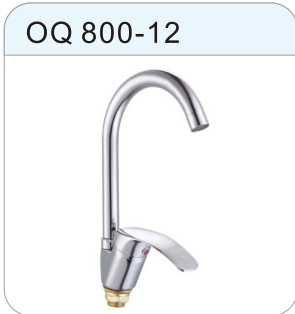

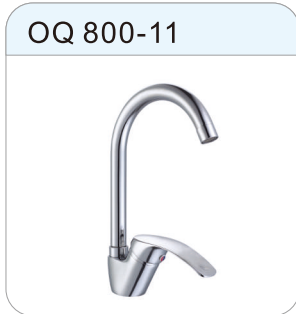

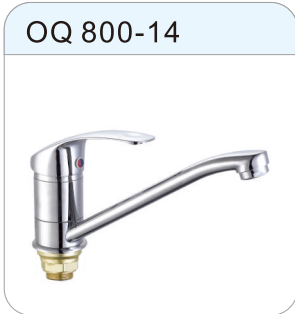

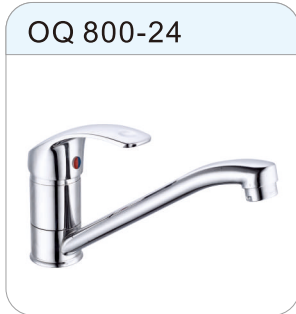

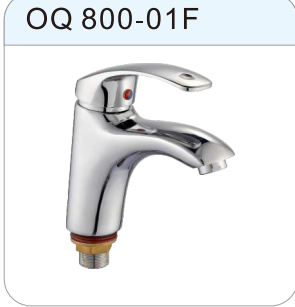

Welcome to OUQI, and thanks for your support and trust, we will try our best to do better.
